

COME TO THE MOUNTAINTOP REMOVAL ROAD SHOW

LEARN ABOUT THE DESTRUCTION OF OUR APPALACHIAN MOUNTAINS

Mountaintop removal coal mining is destroying communities and ecosystems in Tennessee, West Virginia, Kentucky, and Virginia to satisfy our insatiable appetite for coal. Come to this presentation by Eric Blevins of Mountain Justice to learn about the problems that MTR is causing and what is being done to end it.

Eric has been on the ground at the site of the recent TVA coal ash disaster in east Tennessee and will report on that as well.
